

PENN STATE ERIE
JUNIOR/SENIOR WRITING AWARDS
2004

**Nomination Form
School of Business**

Purpose

These awards recognize upper-level students who have demonstrated excellence in their ability to express their ideas with clarity and style. The purpose of the awards is to highlight the importance of writing in students' undergraduate careers, increase their awareness of the importance of writing across disciplines, and encourage them to think about writing as more than an academic exercise—as a real asset in their personal and professional lives. One award per School is made each year.

Evaluation Criteria

Candidates' papers will be judged on the basis of the originality and sophistication of the project, including idea development, use of examples, and support from the business principles applied. They will also be evaluated for style—organization, transitions, complexity and clarity of sentence structure, word choice, and tone. The paper's faithfulness to the assignment will also be considered. Papers should be free of grammar and punctuation errors. A faculty committee appointed by The Director of the School of Business will select the recipient.

Student Eligibility

A student must have been enrolled during spring or fall semester, 2003, and must be an enrolled student of the College at the time of nomination. Both individual student and group submissions will be considered.

Nomination Process

All faculty members in the School of Business are eligible to make nominations. Nominations are limited to one per faculty member. The nominator should attach a brief statement as to what makes the student's work worthy. **The nomination form must include a copy of the assignment, as well as the paper.**
